

**D-Line 30x15mm Mini Trunking offers a subtle appearance to make surface cable installations look attractive!**

The ½ round shape can blend to resemble the natural top-section of skirting boards, while offering a modern solution for vertical cable drops and runs across ceilings.

Available in a variety of colours that can blend with surrounds or create a striking visual feature, this versatile profile is popular for 2x 2.5mm T&E, 2x 1.5mm 2c FP cables, 2x broadband cable and 4x Cat-5 combinations.

- Unique stylish 'D-Line' appearance
- Self-adhesive, or can be drilled & screw-fixed
- Accessories available for perfect finish
- Adaptors enable popular connections
- Can contain Safe-D U-Clip 30 to secure cables
